August 1904 from the Dy Commissioner
Kolar District.

On the petn of one Kaddi Vasudeva Char of Siddaghatta in 1894,
it was reported that Four survnos in Chandasandra village
and the entire village of Hammenhalli
were reported to be "Devadaya" lands
endowed to the Sri Anjaneyaswami Temple
at Siddaghatta. The Archakas of
the temple were found guilty of
neglect of duty & breach of trust
in respect of temple property.
it was proved that they had alienated
the inams, the lands were directed
be resumed & placed under Govt's management

Pls A

Printed copy of Pro
-up which clearly
explains the facts
before Govt:-

The Dy Commr reports that there are 2 temples of Anjaneyaswamy, that one of them which is in Sidhaghatta Kasba is endowed with 4 Svs Nos referred to in the Govt order of the 17th December 1897 & that the other is in Hanumanthapura village but which the village has been endowed. A mistake is made in the issue of the Govt order above referred to directing the resumption of the inams & placing them under Govt management The Dy Commr in the clearly explains the facts of the case & submits with a draft of proceedings the recommendation of the Dy Commr.

Deputy Commissioner's Office

Dated 31st August 1904

From

M. C. Pittannalchetty Esquire
Deputy Commissioner

To,

S. Srinivasaraya Rao Esqr.
Secretary to the Government
of Mysore, Inam Department

Sir,

With reference to your docket No. 104/46-98 dated 13th July 1901, calling for a report regarding the assumption of the management of the Sri Arjunaswamy Temple and its inam lands at Siddaghatta and subsequent Nos. 581 and 1736 dated 16th October 1901, and 7th May 1902, respectively, requesting to submit the entire records connected with the case for the disposal of a memorial received from

from the alienee, Srinthee Venkata
ramanappa, I have the honor
to submit herewith the entire records
connected with the case, from which
it will be seen that the needful
repairs to the Anjanegasvami Temple
at Siddaghatta have been executed
as per estimate sanctioned in your
docket No. 622 dated 30th November
1899 and that pooja is being regularly
performed therein.

2. As regards the assumption of
the management of the Inam lands,
attached to the Temple which were
alienated by the Archaks, it is now
reported that out of 4 Survey nos
in the Chowdasandra Village assi-
gned as Inams to the Temple at
Siddaghatta; Survey No: 151 having
been alienated prior to Chief
Commissioner's notification dated
31st January 1863, it has since
been subjected to a jodi of half
the assessment which is now
being

being paid to the institution direct,
and that the remaining 3 numbers
have been resumed from the alienees
and restored to the temples and that
they are now under Government
management in accordance with
Government order No. 718 dated
14th December 1897.

3. In this connection I beg to
bring to your notice that from
the beginning a mistake has been
made with regard to the Hagawa-
-gatta Village of Hanumanahalli,
which is also under attachment
and management of Government.

4. There were two Anjaneya's temples,
one in the Siddaghatta Kasba, and
the other, in the Village of Hanumana
-halli which is at a distance of
2 miles from Siddaghatta. One
and the same pujari was performa-
-ing puja in both those temples
and was enjoying the Inam lands

endowed

endowed to both. Some time ago a pujari of these temples seems to have alienated these lands.

5. Hanumanahalli is a Kayamgutta Village endowed to the temple of Anjaneyaswamie at Hanumana -halli Village and not to that at Siddaghatta Kasba. A kind perusal of the title deed No $\frac{146}{12}$ dated 1st October 1880 (filed in the record as Serial No: 40), will show that this Village was confirmed as Kayam -gutta Village in favor of the temple of Anjaneyadevaroo at Hanumana -halli. In the printed copy of the quit-rent register, it is noted that this inam was originally a personal one, but subsequently treated as "Devadaya".

6. As these facts were not known at the time when this office reference No. $\frac{3479}{827}$ dated 3rd March 1897

was

was made, it was recommended by the then Deputy Commissioner that this Village also might be brought under Government management, probably under the belief that it was an inam Village endowed to the temple at Siddaghatta. The Government have accordingly passed orders and the same is now under Government management along with the other lands of the temple at Siddaghatta.

7. How this mistake arose, it is not possible to say at this distance of time, but it might be rightly inferred that as both the temples were dedicated to the Deity of the same name and as one pujari was performing pooja in both the temples, the authorities, without holding proper enquiries in the matter, might have included this Village also as one endowed to the temple at Siddaghatta. If the Taluk

authorities

authorities had taken pains to see the Inam Title deeds and the quit Rent Register, this mistake would not have crept in. Whatever may might have been the cause of this error, it is a mistake which has now to be rectified in the light of the facts now brought to notice.

8. Before the resumption of this Village by Government, it was in the possession and enjoyment of Muthen Venkatasamanappa in whose favor the Arehalli had alienated the Village, and he was paying to Government a quitta amounting of Rs 24, per annum; but Subsequent to its resumption, the annual income of the Village does not even cover the Government dues, as will be seen from the fact that a Sum of Rs 49-10-9 is still due to Government in the shape of quitta amount for the period during

which

which it has been under Govern
ment management. This is neither
advantageous to Government,
nor of benefit to the institution
for the maintenance and up-keep
of which the Inam was originally
granted. By this arrangement,
the Government is losing annually
a portion of its legitimate income.

9. During the life-time of Muthur
Venkatarumanappa he represented
on 2 or 3 occasions that the resump
tion of this Village by Government
on the mistaken notion that its
was an inam granted to the
temple in the Siddaghatta Kasba,
was illegal, that as the Village was
originally a personal Inam, he
had purchased it from the
Inamdar, and that his possession
might not therefore be disturbed.

The said Venkatarumanappa
is now dead and his son has

Submitted

Submitted Petitions to me stating that if the inam Village were restored to them, they would not only restore the temple at Nanne-mendalli which is now in a state of great disrepair, to its proper condition by executing necessary repairs to it to the extent of Rs 300 but also make proper arrange-ments, satisfactory to Government, for the performance of Puja to the Deity. They further promise to pay to Government the accumulated arrears of quitta amount which accrued subsequent to the date of the assumption of the Village by Government. The statement given to this effect by the son of Sruthur Venkataramaniah is also submitted with the record.

10. This Village is said to be a Archarak one, and the only source of income is its Archakwamee which does

does not even cover the Govern-
ment gutta.

11. As the Village is now being managed by Government at a loss to Government and without any benifit to the institution, I would recommend the restoration of the Village to the sons of the alienee, subject to the conditions above set forth, with a distinct warning to them that the Village would be resumed in the event of their failure to fulfil any of these conditions.

12. The matter was brought to my notice when I was at Siddaghatta and from the enquiries made by me on the spot, I am satisfied that the Inam Village was wrongly attached and may now be restored to the sons of the alienee.

I have the honor to be,

Sir,

your most obedient Servant,

With reference to your docket No. 104—46-98, dated 13th July 1901, calling for a report regarding the assumption of the management of the Sri Anjaneyaswami temple and its Inam lands at Sidlaghatta, and subsequent Nos. 581 and 1736, dated 16th October 1901, and 7th May 1902, respectively, requesting to submit the entire records connected with the case for the disposal of a memorial received from the alienee, Muttur Venkatramarappa, I have the honor to submit herewith the entire records connected with the case, from which it will be seen that the needful repairs to the Anjaneyaswami temple at Sidlaghatta have been executed as per estimate sanctioned in your docket No. 622, dated 30th November 1899 and that pooja is being regularly performed therein.

2. As regards the assumption of the management of the Inam lands attached to the temple which were alienated by the archaks, it is now reported that out of four Survey Nos. in the Chowdasandra village assigned as Inams to the temple at Sidlaghatta, Survey No 151 having been alienated prior to Chief Commissioner's Notification dated 31st January 1853, it has since been subjected to a jodi of half the assessment which is now being paid to the institution direct, and that the remaining three numbers have been resumed from the aliences and restored to the temple and that they are now under Government management in accordance with Government Order No. 718, dated 17th December 1897.

3. In this connection I beg to bring to your notice that from the beginning a mistake has been made with regard to the Kayamgutta village of Hanumenahalli, which is also under attachment and management of Government.

4. There were two Anjaneyas' temples, one in the Sidlaghatta kasba, and the other in the village of Hanumenahalli which is at a distance of two miles from Sidlaghatta. One and the same pujari was performing puja in both these temples and was enjoying the Inam lands endowed to both. Some time ago a pujari of these temples seems to have alienated these lands.

5. Hanumenahalli is a Kayamgutta village endowed to the temple of Anjaneyaswami at Hanumenahalli village and not to that at Sidlaghatta kasba. A kind perusal of the title-deed No. 146—12, dated 18th October 1880 (filed in the record as Serial No. 40), will show that this village was confirmed as Kayamgutta village in favor of the temple of Anjaneya devaru at Hanumenahalli. In the printed copy of the Quit rent Register, it is noted that this inam was originally a personal one, but subsequently treated as "Devadaya."

6. As these facts were not known at the time when this office reference No. 3479—827, dated 3rd March 1897, was made, it was recommended by the then Deputy Commissioner that this village also might be brought under Government management, probably under the belief that it was an inam village endowed to the temple at Sidlaghatta. The Government have accordingly passed orders and the same is now under Government management along with the other lands of the temple at Sidlaghatta.

7. How this mistake arose it is not possible to say at this distance of time, but it might be rightly inferred that as both the temples were dedicated to the deity of the same name and as one pujari was performing puja in both the temples, the authorities, without holding proper enquiries in the matter might have included this village also as one endowed to the temple at Sidlaghatta. If the Taluk authorities had taken pains to see the Inam Title-deeds and the Quit-rent Register, this mistake would not have crept in. Whatever might have been the cause of this error, it is a mistake which has now to be rectified in the light of the facts now brought to notice.

8. Before the resumption of this village by Government, it was in the possession and enjoyment of Mathur Venkatramanappa in whose favor the archak had alienated the village, and he was paying to Government a gutta amount of Rs. 24 per annum; but subsequent to its resumption, the annual income of the village does not even cover the Government dues, as will be seen from the fact that a sum of Rs. 49-10-9 is still due to Government in the shape of gutta amount for the period during which it has been under Government management. This is neither advantageous to Government, nor of benefit to the institution, for the maintenance and up-keep of which the Inam was originally granted. By this arrangement the Government is losing annually a portion of its legitimate income.

9. During the life time of Mathur Venkatramanappa he represented on two or three occasions that the resumption of this village by Government on the mistaken notion that it was an inam granted to the temple in the Sidlaghatta kasba, was illegal, that as the village was originally a personal inam, he had purchased it from the Inamdar, and that his possession might not therefore be disturbed. The said Venkatramanappa is now dead and his son has submitted petitions to me, stating that if the inam village were restored to them, they would not only restore the temple at Hanumenahalli which is now in a state of great disrepair, to its proper condition by executing necessary repairs to it to the extent of Rs. 300 but also make proper arrangements, satisfactory to Government for the performance of puja to the deity. They further promise to pay to Government the accumulated arrears of gutta amount which accrued subsequent to the date of the assumption of the village by Government. The statement given to this effect by the son of Muthur Venkatramaniah is also submitted with the record.

10. The village is said to be a becharak one, and the only source of income is its Hullubannee which does not even cover the Government gutta.

11. As the village is now being managed by Government at a loss to Government and without any benefit to the institution, I would recommend the restoration of the village to the sons of the alienee, subject to the conditions above set forth, with a distinct warning to them that the village would be resumed in the event of their failure to fulfil any of these conditions.

12. The matter was brought to my notice when I was at Sidlaghatta and from the enquiries made by me on the spot, I am satisfied that the inam village was wrongly attached and may now be restored to the sons of the alienee.

No. 2330—Muz. File No. 46-98, dated Bangalore, 7th January 1905.

Order thereon.—The Government are pleased to approve of the action taken by the Deputy Commissioner in regard to the four Survey Nos. in the Chowdasandra village endowed to the Sri Anjaneyaswami temple in the kasba Sidlaghatta which is in accordance with the direction given in their Proceedings of the 17th December 1897 read above.

2. From the Deputy Commissioner's letter of the 31st August 1904, read above and from the Inam Title-deeds Nos, 242 and 12, dated 5th January 1872 and 1st October 1880 respectively, the Government observe that four Survey Nos. in the Chowdasandra village of the Sidlaghatta Taluk, were confirmed as "Devadaya" inams to the Sri Anjaneyaswami temple in kasba Sidlaghatta and that the Kayamgutta village of Hanumenahalli in the said Taluk was confirmed to the Sri Anjaneyaswami temple in the village of Hanumenahalli in the Sidlaghatta Taluk. A mistake is now reported to have been made by the then Deputy Commissioner in considering

Muzrai, dated 7th January 1905.

that the four Survey Nos. and the Kayamgutta village referred to above were all endowments to the Sri Anjaneyaswami temple at Sidlaghatta kasaba, evidently because the names of the two deities of the two temples were identical and the present Deputy Commissioner reports that the village of Hanumenahalli should not have been attached by Government when dealing with the affairs of the *Sidlaghatta* Anjaneyaswami Temple. In the light of the facts now brought to notice by the Deputy Commissioner (Mr. K. P. Puttanna Chetty) the Government are pleased to direct the rectification of the error.

3. The Government are satisfied that the Kayamgutta Inam village of Hanumenahalli endowed to the Sri Anjaneya Swami Temple in that village has not been beneficial to the institution during the period the village has been under Government management. They are accordingly pleased to sanction the Deputy Commissioner's recommendation to restore the village to the sons of the alienee, Muthur Venkatramanappa, subject to the conditions detailed in the Deputy Commissioner's letter read above. The arrears amounting to Rs, 49-10-9 being the gutta still due to Government should be recovered from the sons of the alienee who should also be warned that they would be evicted from the possession of the inam village, if they do not carry out the repairs needed to the institution and make satisfactory arrangements for the performance of puja in the temple. The Deputy Commissioner is requested to fix a period within which the repairs should be completed and the other conditions fulfilled and report the result for the information of Government.
